RAKIA MENU

Rakia, the most popular fruit brandy of the Balkan region, established its tradition as a "homemade drink" centuries ago. Today, this handcrafted spirit is made in small distilleries, getting its unique flavoring from the distillation of 100% organic fruits. Although made of only the most ripened fruits, to include plums, apricots, pear and raspberries, it's most commonly known for its unmistakable deep and smooth taste. Being the national drink of the Balkans, it is often served as a welcoming toast to guest and is best enjoyed with good food and company.
